

*Ron Joslin*  
*on the occasion of the 7<sup>th</sup> annual Library Technology Conference*  
*Thursday, March 20, 2014*  
*Macalester College*  
*St. Paul, MN*

In recognition for having the vision to start a regional, high tech, hands on conference, providing an opportunity for librarians and library staff from all types of libraries to not only share, but learn from each other; for contributing to the professional development of so many individuals for the past seven years by advocating to maintain a low-cost, but high impact conference, and for outstanding work in creating a long-lasting conference that enriches the professional lives of so many who in turn are able to contribute to improving services for the benefit of our patrons, today we are honoring Ron Joslin.

In recognition for his work and dedication, we will be creating a "show and tell" session beginning with the 2015 conference for former attendees to share what they have been able to accomplish as a result of attending one of these conferences. These sessions will be entitled, "Ron Joslin's Lightning Round of Conference Success Stories." Full details on this session will be in next year's call for participation.
